

Cascading Style Sheet code explained in practical terms:

p = The Web site's paragraph text will be in an Arial, Helvetica sans serif 10 point font (default text color is black).

li = The site's unordered bulleted lists will be in an Arial, Helvetica sans serif 10 point font.

.page_header = The site's page headers will be in an Arial, Helvetica sans serif 12 point font and will be green (#006600).

.side_links = The links on the side navigation bar for this site will be in an Arial, Helvetica sans serif 10 point font and they will be brown (#330000) and underlined.

.side_links: visited = The visited side links for this site will be in an Arial, Helvetica sans serif 10 point font and they will be brown (#330000) and underlined.

.side_links: active = The active side links for this site will be in an Arial, Helvetica sans serif 10 point font and they will be brown (#330000) and underlined.

a = In general, the site's links (the links contained in the paragraph text) will be in an Arial, Helvetica sans serif 10 point font and they will be red (#990000) and underlined.

a:visited = The site's visited links (the links contained in the paragraph text) will be in an Arial, Helvetica sans serif 10 point font and they will be brown (#330000) and underlined.

a:active = The site's active links (the links contained in the paragraph text) will be in an Arial, Helvetica sans serif 10 point font and they will be bright red (#FF0000) and underlined.

.footer = The site's footer text will be 9 point (otherwise same as the paragraph text).

body = The site's background color will be white (#FFFFFF).

.footer_links = The site's footer links will be 9 point (otherwise same as paragraph text links).

a:hover = The site's hover links (the links contained in the paragraph text) will be in an Arial, Helvetica sans serif 10 point font and they will be red (#990000) and underlined.

.poptext = The site's Points of Pride text will be in an Arial, Helvetica sans serif 10 point font with no text decoration (default text color is black).
